

PARKSIDE

AT MONTELAGO

A New Way To Live

Introducing Parkside at Montelago

Montelago has set aside a small, carefully chosen collection of lots that directly border the amenity park, a hectare of thoughtfully designed spaces meant for connection, recreation, and quiet moments alike.

Step out your door, and you're already there. No roads to cross. No long walks. Just a seamless transition between your private sanctuary and the shared spaces that bring a community to life.
